

Our on-site PADI dive center Dive Kadavu is staffed by a team of skilled professionals, including Instructor and Divemasters.

Purpose-built dive boats ensure comfort and take divers and snorkellers to the best sights Kadavu has to offer.

With access to all major reef systems around Kadavu and almost 40 exclusive dive sites close by, the choice is yours!

Diving in these clear waters with abundant marine life, brilliantly coloured soft and hard coral

and endless swim-throughs is the easiest and most enjoyable diving imaginable.

For the diver who travels light, a full compliment of hire gear is available in the dive shop.

A range of PADI dive courses is available.

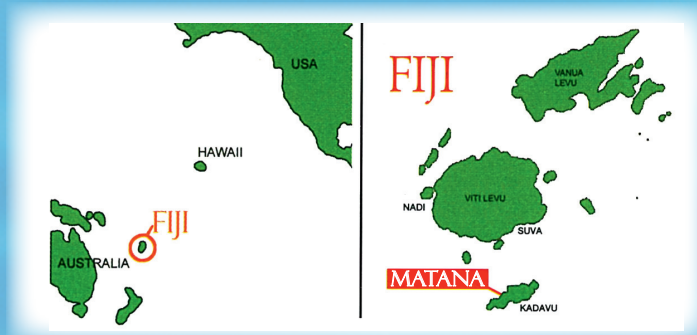

Come and experience the true South Pacific resort...

Fly to Kadavu from Nadi International Airport (45 minutes) or from Suva (30 minutes).

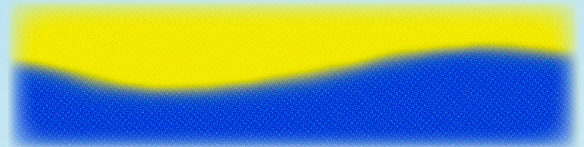

Kadavu Airport transfers to Matana Beach Resort are by boat (10 minutes).

Come and experience the unspoilt beauty Kadavu Island has to offer!

A friendly Fijian welcome awaits you at Matana Beach Resort. Just 10 minutes from the airport but you will feel a world away.

Matana Beach Resort is nestled in tropical gardens in an area known by local villagers as 'Matana' (which in Kadavu dialect means 'a sandy beach at all tides').

The coconut palms, aquamarine water and white sand make a perfect setting for swimming, snorkelling or just soaking up the sun.

Accommodation is in comfortable, spacious Beachfront or Oceanview Bures (bungalows), all with their own bathroom and sun porch or deck. Our 2-bedroom bures are ideal for families or small groups.

Dining at Matana offers you a taste of Fiji with local fresh fruit, vegetables and seafood, combined with an extensive range of international dishes.

A 'lovo' (where traditional Fijian food is cooked under ground) is a popular occasional dinner alternative.

Dine on our elevated deck, in the dining room or under the stars.

Relax and enjoy Matana's spectacular sunsets with a drink from our Sunset Beach Bar, or enjoy the ambience before dinner at our fully stocked Lounge Bar.

Our small and personal resort caters for divers and non-divers alike and provides the ideal setting for weddings and honeymoons.

With two traditional villages next to the resort, you can experience authentic Fijian culture and lifestyle – the real Fiji!

For those inclined to get wet, why not try scuba diving, snorkelling, kayaking, swimming and fishing. Discover an amazing variety of marine life on the coral bommies just off the resort beach.

Kayaking is a great way to explore Kadavu's coast line with pristine coral reefs and deserted beaches.

The hiking trails behind the resort reward you with breathtaking views from the hilltops.

When you are done with water sports, trekking, bird-watching, village visits, photography... simply relax on the beach with a book from our large library.

Massage is also available.
